

Gastonia Area Amateur Radio Club
Meeting: August 2, 2007
Schiele Museum
Minutes

Paul Williams opened the meeting, welcoming the many members and guests in the audience. The reading of the minutes and the treasurers report were tabled in order to give time to the program for the evening.

The Program for the meeting was the recent Scarborough Reef Dxpediton present by Joe Blackwell, AA4NN.

Mr. Blackwell gave a great slide presentation on his experience with the recent event. The scenery was fascinating and the actual operating stations were very intriguing.

After the presentation Mr. Blackwell took questions from the audience and thank everyone for the opportunity to share his experiences.

Paul then mentioned that there were Swapfest flyers available if anyone wanted any to take with them. Tickets were also printed and will be made available for sale soon. Hopefully some of the flyers and tickets can be made available at the Shelby Hamfest.

Paul asked if there was any more business to discuss and not hearing any reminded everyone of the next meeting on September 6. He then thanked everyone for showing up and dismissed the meeting.
